

PLEASE RETAIN ORIGINAL AND PHOTOCOPY AS NEEDED		☞ Only to help preparation ☜ The final application MUST be entered in the on-line form
Cultivar Registration Preparation Form <i>version 24/10/2018</i>		Only *ed fields are required but the more you enter, the more useful the register <i>(Prompts/possible answers)</i>
English		
1: Applicant		
* First name		
* Last name		
Applicant address		
* Street address		
* City		
* State/Province		
* Country		
* Applicant email		
Applicant phone		
Originator if different		
First name		
Last name		
If originator different:		
* I confirm that the originator has given permission for this application	Check box for yes	
* Originator's email		
Where was the cultivar raised ?	In a pot / the ground / a house/ conservatory / (un)heatedgreenhouse / outdoors	
In what region, climate, hardiness zone, altitude..?		
2: Cultivar		
* Proposed name - must be original	eg 'Lavender Gentleman'	
* Why this name ?	eg My mother, the colour, where I found it	
* Has application been made for patent or Plant Breeder's Rights, or has the plant had another name ?	If so, please give details	
* Has it been published ?	If yes, full reference and date eg Lynch, Gardener's Chronicle 42: 274 1907	
* Propagation information	How many clones currently exist ? How is it to be propagated and distributed ?	
* Type of cultivar	Hybrid / Sport / Selection	
* Female parent		
* Male parent		
* How certain are you of the male parent ?	0% best guess / 25% quite likely / 50% likely / 75% almost certain / 100% certain	
* Is your cultivar a complex hybrid or polyploid ?		
* How is it distinctive ?		
3: Flower		
* Flower diameter	in cm	
Floral tube length	for tacsonias etc; in cm	
* Peduncle/stalk length	in cm	
Colour of petals	Lower/abaxial side as well as upper/adaxial if different	
Colour of sepals	Lower/abaxial side as well as upper/adaxial if different	
Coronal series	Number of series and their colouring	
Scent description		
Flowering details	At what age did the first flower appear ? What months is it in flower ? How numerous are the flowers ? Are they in racemes ?	
* Photo straight on	Select image of flower	
* Photo from side	Select image of flower	
Bracts	Size, shape, colour, nectaries..	
4. Leaf		
* Leaf length	in cm	
* Leaf width	in cm	
* Petiole/stalk length	in cm	
* Leaf lobes: number	eg 3	
* - shape	narrow/thin / medium / broad / diverse/ transverse / other	
If Other, give details	Name or describe the leaf type	
Leaf details	Colour, texture, margin..	
* Photo of single leaf	Select image of single leaf	
Petiole glands	Number, shape, colour, position..	
Stipules	size, shape	
Additional photo	Select image of stipules / vine etc	
* Vine	Colour, shape, texture, vigour	
5. Fruit etc		
Fruit colour ripe/unripe	eg Green ripening to golden	
width	in cm	
length	in cm	
Photo of fruit	Select image of fruit	
Fruit details	Colour of seeds and arils, flavour	
Culture requirements	Min / max temperature, amount of sunshine / humidity, recommended substrate	
Any other useful information
